## Supplemental Resources and Materials

Available for free download at [www.npcpass.org](http://www.npcpass.org)

### **Math**

- Algebra/Geometry Tutor Guide April 2009  
Handbook to provide the tutor who does not have a mathematical background with additional resources to assist them in providing student support.
- Math Internet Resources June 2020  
Annotated 1-page list of quality, free websites for students and teachers alike.
- Math for Living April 2011  
Ten (10) stand-alone lessons in English or Spanish, written at a middle-school reading level, reinforce basic math skills while teaching practical concepts that apply to both everyday life and successful careers.
- Math on the Move April 2009  
Twenty-four (24) stand-alone lessons in English or Spanish, written at a 3<sup>rd</sup>-5<sup>th</sup> grade reading level, reinforce basic math skills.
- TAKS (Texas Assessment of Knowledge and Skills) Exit Level Math Review Lessons  
Twenty-nine lessons cover ten learning objectives geared specifically for TAKS preparation, yet the concepts and instructional strategies are appropriate for any student preparing for exit-level examinations or higher level mathematics final course assessments. (2010)

### **Language Arts**

- Generic Novel Unit 3 Option 2<sup>nd</sup> Edition January 2011
- Preparing for College Unit 5 Option May 2021
- Reading on the Move October 2012  
Twenty-four (24) stand-alone lessons, written at a 3<sup>rd</sup>-5<sup>th</sup> grade reading level, geared toward out-of-school youth (adult oriented) to introduce and strengthen basic reading skills.
- Style and Usage Guide 2<sup>nd</sup> Edition November 2012
- Write On! November 2013  
Fifteen (15) non-sequential lessons developed to encourage writing in practical and positive applications while supporting creativity. The intended audience is out-of-school youth looking to strengthen their writing skills for personal growth, as well as anyone considering entering a high school equivalency preparation program. Written at an accessible reading level, each lesson addresses at least two concepts of the Six Trait Writing model. Each lesson also meets various standards of the Common Core Curriculum ELA Writing benchmarks.

### **Science**

- Bilingual English/Spanish Glossary of Biology Terms October 2012

### **Life Skills Lessons**

Bilingual, non-sequential instructional packets designed to be used with teens, out-of-school youth, and adults. Lessons include teaching plans, an introductory lesson, guided practice, useful vocabulary, practice dialogues, and pre/post tests. Topical areas include For Your Health/Para Tu Salud (11), Legal Rights/Derechos Legales (4), Parenting/Ser Padres (3), A Healthy House/Un Hogar Sano (6) and Mental Health/Salud Mental (5).
